INTRODUCING OPTIFOG™

STANDARD LENS

LENS WITH OPTIFOG

The new technology against fog

Introducing **Optifog™**, a new breakthrough technology with superior anti-fog properties. Optifog has an advanced anti-fog top-coat that, when combined with the Optifog Activator, provides for long lasting fog free vision.

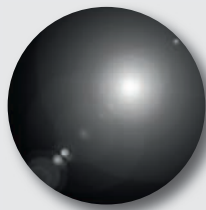

MORE THAN FOG FREE VISION

Crizal® lenses with Optifog provide optimal visual performance

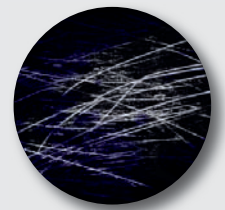

Fog repellence

Glare reduction

Dust repellence

Scratch resistance

Also available: TD2® lenses with Optifog

**Choose Optifog for the latest technology in fog protection,
and escape annoying, dangerous fog.**
